September 2020

Fall Line-up

While 2020 has been an interesting year, it seems to be flying by rather quickly. We are already looking to fall projects and getting them lined up. A few of the dry, dry spots in the fairways and tees are being aerified. And the twice yearly aerification of the greens is on the calendar for September 21-24. Of course this depends on weather conditions as we need it dry and warm to get the sand to dry and "fall" into the holes. Most golfer despise this time of the year although they will all admit that the results are wonderful. All summer we've been complimented on our greens so it's going right.

As we move through the month we're sure to see a few frost delays so if you have an early tee time and are wondering if there will be a delay just give us a call. Someone is usually in the clubhouse by 6:30 AM for a 7 AM tee time. As we move through the fall, both morning and evening tee times will adjust according to daylight.

Business League will wrap up this month with the playoffs on the 8th and 15th. We are grateful for all our local businesses who put a team together and enjoyed this season. We are battling the dark (something we've not had to do before) but it's working but we'll finish just in time.

We were happy, during the COVID-19 restricted time, to host the Oregon Golf Association re-rating team. They arrived on August 17 and spent 2 full days measuring, calculating and playing the course. They all agreed that while our course is not long, which makes up about 60% of the rating for a course, it certainly plays much harder than expected with tight fairways and a lot of "rough". Our regular golfers were not surprised at this conclusion! They also complimented the maintenance staff on the condition of the greens, stating they were some of the nicest greens they'd have the pleasure to play during their summer re-rating series. A pat on the back to all the maintenance crew who has worked so hard to achieve these nice greens!

More work has been completed on the Occasion Hall which includes a metal railing surrounding the patio area. With a few weddings still on the schedule it will be nice to know the kiddos are safe and "railed" in.

The Fairway Café has picked up quite a bit in the past month. Seems reviews have been floating around about the good food and yummy goodies that are available. The hours will remain the same this fall: 7 AM—2 PM for the grill; sandwiches, hot dogs and polish dogs available during clubhouse open hours. Closed Thanksgiving and Christmas.

Shipping has effected all inventory in the clubhouse. Even when we order far in advance we are still subject to the shipping delays that are plaguing the county. Same for parts and supplies in maintenance. When everything finally arrives we'll have quite a bit of stock so come in and spend your customer credit!

Driving Range Update: The work on the remodeled driving range is scheduled to begin this fall. There may be times when the range is not available but we'll try to keep that at a minimum.

Thanks Gary & Val

DEALS!!

September DEALS—What's the catch? Must mention newsletter!

Wacky Wednesday—Get a bucket of range balls when you mention the newsletter. Only one bucket per person please.

Suddenly Saturday—Come golf before 1 PM and get a free cup of coffee, tea, hot chocolate, ice tea, lemonade or water.

Keep track of us on Instagram & Facebook for more specials.

Reach Air Ambulance emergency landing pad for foggy nights

Salmon Run Ladies Club Tournaments

The Salmon Run Ladies meet each Thursday for their play day starting at 9 AM. This summer has proved challenging in getting some tournaments, match play, championships and other fun events scheduled. When restrictions began to loosen the Ladies put together a match play with 8 Ladies deciding to participate. The final results were:

Winner: Wendy Hughes

Runner Up: Kathy Walker

Also during July and August the Summer Eclectic was played. This is the regular play day with ladies "upgrading" with their best score on each hole to make up the "carded" score. Several Ladies participated and the final results:

1st Flight: Vivienne Moran 1st; Sue Ryan 2nd

2nd Flight: Diana Denham 1st; TIE: Kathy Walker & Dixie Sloat

HOLE IN ONE

Congratulations to Pete Phelan!!

Hole #2, Tan Tees 8/20/20

Upcoming Events

September 8, 15—Finals for Business League

September 12—Wedding in Occasion Hall
